## Southern New Jersey Chapter

RMA is the only financial services association to champion best practices in risk management while also monitoring emerging trends. Our strong relationship with members and regulators helps us develop new risk management techniques, innovative products, and education and training programs geared to risk management professionals at different stages of their careers. Over 70% of the Association's revenue is derived from providing products and services to members.

### What does RMA do?

RMA was founded in 1914 to help commercial bankers make better lending decisions through the exchange of credit information. Today, RMA is the only association that specializes in promoting effective and prudent risk management practices for institutions of all sizes, across the entire financial services industry.

Headquartered in Philadelphia, Pennsylvania, RMA has 2,500 institutional members that include banks of all sizes as well as nonbank financial institutions. They are represented in the association by over 168,000 risk management professionals who are chapter members in financial centers throughout North America, Europe, and Asia/Pacific.

RMA hosts over 1,000 Roundtables, Conferences and training sessions each year. Our *Journal* is one of the most highly regarded publications of its kind and our *Annual Statement Studies* is a resource used by lenders, accountants, business owners and financial professionals.

**What our Chapter does...**As one of over 120 active RMA Chapters, the Southern New Jersey RMA Chapter plays an active role in fulfilling the mission.

Through our area general meetings and educational events we enrich financial services professionals and our region's banking community. It's an important undertaking that is led and implemented by loyal volunteers from area institutions -- bringing RMA to you in your own backyard.

### RMA MISSION STATEMENT

RMA is a member-driven professional association whose sole purpose is to advance the use of sound risk principles in the financial services industry.

Helping our members understand sound risk principles will contribute to enhanced profitability and more efficient allocation of capital to support growth. Furthermore, individuals will be better prepared to meet the needs of customers and to grow professionally.
